

## DATA PROTECTION

It is required by data protection law that before schools commence processing of any personal data a school must first bring a privacy notice on how the student's personal data will be processed to the attention of parents/guardians.

It should be noted that only a small number of staff within the Department of Education & Skills has access to the personal data and then solely to provide technical support to your school/centre of education when it is using PPOD or JCAD.

Student data as set out below will not be shared with anyone else other than another post-primary school in which the student enrolls.

Below shows the data flow process in relation to student JCPA data.

Further detail of this process is available on request from the school.
