

CLIL : HISTORY, SCIENCE AND ART AT THE NATIONAL MUSEUM OF IRELAND

The National Museum - Archaeology, housed in our beautiful and atmospheric Victorian building on Kildare Street, is home to over two million artefacts and is the national repository for all portable archaeology found in Ireland. See some of Ireland's most iconic artefacts such as the 'Tara' brooch and discover archaeological wonders from the Mesolithic to the late Medieval times.

Task Visit the different sections and write a few notes about what you see under the following headings. Then answer the more detailed questions.

1) THE TREASURY EXHIBITION

Find and make a drawing of the famous *Tara Brooch* and *Ardagh Chalice*

--	--

2) KINGSHIP AND SACRIFICE

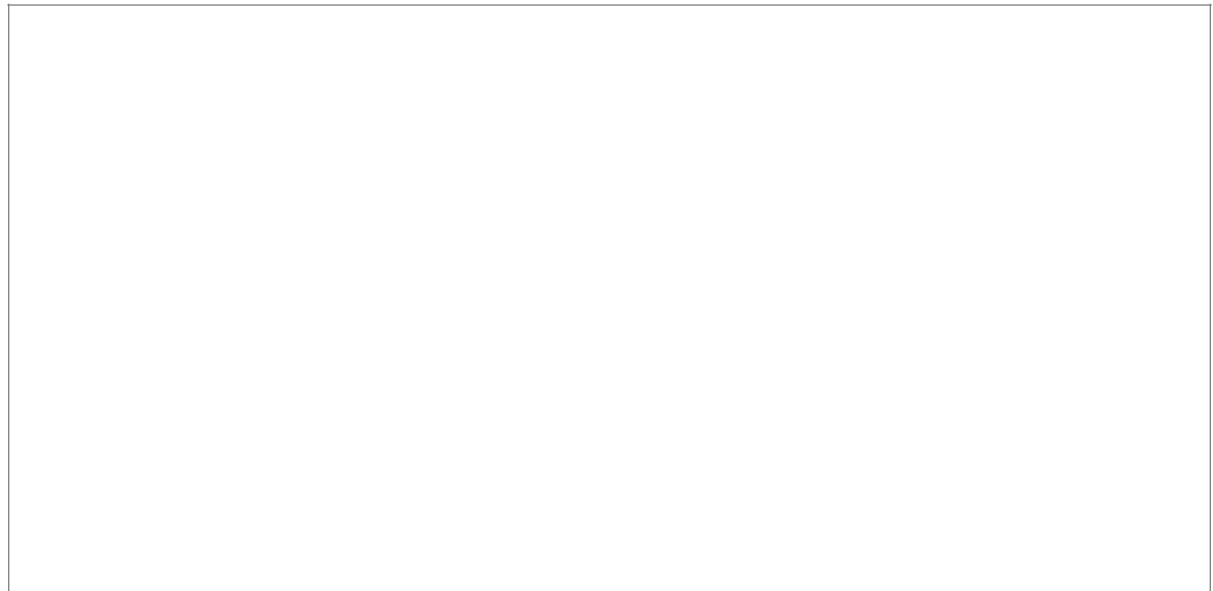

Write a short explanation about how bog bodies were preserved.

3) ANCIENT EGYPT EXHIBITION

What techniques did the Egyptians use to preserve corpses?

4) VIKING IRELAND

Draw a map of Ireland and mark the Viking settlements

MUSEUM APPRECIATION

What did you find most interesting in the museum and why?
